DISCOVER US

EnviroFuture Consultancy Services Limited is a Zambian registered company specialized in a wide range of environmental, geospatial and social consulting services. EnviroFuture was established in 2012 by experienced consultants with the aim of contributing to environmental, social and economic sustainability worldwide through their various fields of expertise.

We have so far handled over one hundred assignments for local and international developmental projects with a diverse set of clients coming from several sectors including mining, roads, energy (hydropower, solar, transmission lines), dams, construction, manufacturing, agriculture and forestry, among others. We offer service driven consultancy that allows us to meet and exceed the specific needs and expectations of our clients. Our key strength is having a host of experts that we work with and many others that provide back-up services to ensure smooth proceeding of any consultancy.

OUR MISSION

Our mission is to provide high quality environmental consulting services that exceed our client's expectations through maintaining lofty standards of professional conduct, compliance with local and international regulations and timely delivery of consultancy products and services. Our objective is to ensure all our client's projects are implemented in a manner that is environmentally sustainable, socially acceptable and economically viable. As stated in our slogan “**serving the environment for the future**”, EnviroFuture aims to contribute to the protection of the environment for the benefit of future generations while enhancing economic and social development at the same time.

OUR VISION

To be the most trusted and well-respected environmental consulting services company acknowledged by our clients for delivering excellence.

OUR PRINCIPLES

All our consulting services are grounded on one major principle;
We respect **SCIENCE!**

The underlying principles of all our operations stem from the scientific field. Our team is highly qualified academically and we are actively involved in scientific research to keep abreast with latest developments in various fields of expertise. Thus, our professionalism, technical knowledge, experience, and flexibility to every project, large or small, is second to none. We diligently apply the principles of integrity, transparency, commitment, communication, and trust to all our clients.

Dear Sir/Madam,

Re : Registration as an Employer

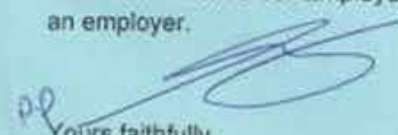

Following your recent submission of duly completed employer registration form, We are pleased to advise that your institution has been registered with the National Pension Scheme as an Employer and has been allocated Account No. **5247810** which you must quote in all transactions / correspondences with the Authority.

The effective date of your registration as an Employer is **01-Oct-2020**. By law, you are required to remit monthly contributions to the National Pension Scheme from the stated date. The said monthly contributions are due for payment on the 10th of each month and any late remittance of contribution will by Law attract an automatic penalty of 20%.

The monthly contributions liability is pegged at 10 percent of employees' monthly gross earnings subject to the gazetted monthly contributions ceiling in the year to which the earnings relate. However, employees whose monthly gross earnings are below K15.00 or its equivalent in the old currency are exempted from contributing to the scheme.

You may also download a Microsoft Excel Template of the monthly return form on our website (www.napsa.co.zm) which you may use to generate a monthly return.

Find also attached our Employers' Guide for additional information regarding your obligations and rights as an employer.

Yours faithfully,

Contributions Manager
